You are a researcher studying gender stereotypes. Specifically, you want to see if there are gender differences in jealousy. You have collected data on this and now need to report it in an APA style paper. This paper is worth 15% of your overall grade.

Due: Tuesday, December 6, 2016, at the beginning of class. Have the paper already printed and ready to submit before you come to class.

Any paper submitted after Thursday will be penalized 50% per day.

Required sections in APA format:

- Title Page
- Abstract
- Introduction (minimum 2 pages)
  - Must cite at least 7 peer-reviewed research articles
- Method (as long as necessary to properly describe your methods)
  - Include subsections with proper headings:
    - Participants (include demographics about participants)
      - _____ Men, _____ Women
      - Average age: _______, SD _______ years
      - Ethnicity:
      - Declined to respond

- Include this sentence at the end of your participants section:
  - Participants were treated in accordance with the “Ethical Principles of Psychologists and Code of Conduct” (American Psychological Association, 2002).
- Materials
• 10 question jealousy scale; contained scenario-level-typed questions

Procedure
• Participants were handed the jealousy scale
• Filled out demographic questions first
• Participants given 5 minutes to complete jealousy scale
• Participants were debriefed

o Make sure you describe each section clearly enough that allows someone to replicate the study

Results (as long as necessary)
o Include the necessary subsections for your data
  ▪ Descriptive
    • Average jealousy score of all participants: ______ ; SD = _____
    • Average female jealousy score: ______; SD = ______
    • Average male jealousy score: ______; SD = ______
  ▪ Inferential subsection
    • \( t(____) = _____, \ p = _____ \)

Discussion (minimum 1 page)

Reference Page
  o Must include at least 7 peer-reviewed journal articles
  o Include:
